STATUS INQUIRY

Dear Sir:

On November 2, 2005, Applicants submitted a response with a Terminal Disclaimer, which, according to the PAIR system, was passed on to the Examiner on November 23, 2005. On May 22, 2006, the undersigned initiated a telephone conversation with the Examiner who acknowledged that the application was on his overdue docket and indicated that he would address the application within the next few days. Having seen no indication of any action having been taken, on June 20, 2006, the undersigned attempted to contact the Examiner and left a voice message requesting an update. To date, the call has not been returned.

The undersigned respectfully requests that he be advised as to when a further communication from the Patent Office may be expected. For convenience, the Patent Office may contact the undersigned via telephone (781-718-9512), e-mail (welched@comcast.net) or facsimile (239-263-7083) with a response.

Respectfully submitted,

Edward K. Welch II
